

STUDENT DROP OFF IN THE AM:

Attention Parents:

For the safety of our students please ONLY use the side parking lot to drop off your student in the mornings. The security officer is there to monitor the students and to ensure that the traffic flows smoothly. As you pull along the curb on the side of the building, please unload your student where the sidewalk is (4-5 cars deep) , do not wait to unload at the corner as this slows down the drop off procedure. We are focused on your student's safety as well as his/her arrival to class on time.
